

ASHISH PRAJAPATI

DDIT Nadiad 2021-2025

📍 Gujarat, India 🔄 21ceuos101 🌐 ashish290104 👁 Portfolio

PROJECTS

Supply Chain Management System

- Streamline the ordering process, inventory management, and delivery logistics involved in E-Commerce operations
- Streamlining the process from order placement to final delivery
- Make sure that producer-consumer problems won't occur
- Made System Faster by Optimizing Warehouse Selection using KnapSack Algorithm
- Technologies used - Java Spring Boot, ReactJs, JWT, Additional API: Flask, NodeJs.
- 🔄 21CEUOS101/IMS_BackEnd
- 🔄 21CEUOS101/IMS_Admin
- 🔄 21CEUOS101/ims_frontend

University Management System

- Implemented a University Management System accommodating stakeholders' needs, including HODs, admins, Training & Placement Cell Operators, Time Table Operators, faculty, and students.
- Offering tailored functionalities such as report access, announcement capabilities, and streamlined data management.
- Technologies used - MERN Stack.
- Backend : 🔄 21CEUOS101/UMS_BackEnd
- Frontend : 🔄 21CEUOS101/dms_frontend
- Live : dms2901.netlify.app

Anubhav Baatein

- Platform for students to glean insights from alumni who have navigated placement interviews successfully through their articles.
- Allows alumni to share their interview experiences, providing valuable guidance and inspiration to current students.
- Technologies used - Java Spring Boot, ReactJs, Firebase, Shadcn (UI Library).
- 🔄 kevintamakuwala/Duhacks3.0-AnubhavBaatein

EDUCATION

B.Tech in Computer Science & Engineering

Dharmsinh Desai University

📅 CPI: 8.53 📍 DDIT-2025

Senior Secondary Examination GSEB - Class XII

Sharda Mandir School

📅 Percentage: 93% 📍 GSEB-2021

Higher Secondary Examination GSEB - Class X

Sharda Mandir School

📅 Percentage: 95% 📍 GSEB-2019

TECHNICAL SKILLS

- **Programming Languages:** Java (Competitive Programming), C, C++, Python, JavaScript
- **Data Structures & Algorithm**
- **Object Oriented Programming & MySQL & MongoDB**
- **Web Development:** Java Spring Boot & MERN Stack

ACHIEVEMENTS

- 11th Rank in DUHacks 3.0 Hackathon
- All India JEE Mains Rank 70000

CODING PROFILE

- **LeetCode:** ashish_prajapati [Highest Rating: 1616]
- **Devfolio:** Ashish_2901

CERTIFICATIONS

- **Coursera:** Supervised Machine Learning
- **LinkedIn:** 🌐 OpenCV

MINI PROJECTS

Invoice Generator

- Web application allowing employees to generate invoices and manage products including adding, updating, and deleting items.
- Technologies used - ExpressJs, NodeJs, ReactJs - Vite.
- 🔄 21CEUOS101/invoice-generator-API
- 🔄 21CEUOS101/invoice-generator-front-end
- Live : <https://ashish2901-invoice-generator.netlify.app>
- API Live : <https://purpit.onrender.com>

Blog Management System

- Allowing users to register, login, and engage in CRUD operations for their own blogs, while also facilitating comments and likes on others' posts.
- Incorporated a recommendation system to showcase the top 5 blogs on the home page, enhancing user experience and engagement.
- Technologies used - Java Spring Boot, ReactJs, JWT.
- 🔄 21CEUOS101/BMS_FrontEnd

Find Nearest Amenities

- Online Platform to find Nearest Amenities on Map and Mark own locations also.
- Backend : 🔄 21CEUOS101/JTProject/tree/main/JTProject
